PASS PROGRAM

Find the Concept or Clue . . . Click and Move

Week 1 – 10/19	Monday	Tuesday	Wednesday	Thursday	Friday
8:00am – 10:00am 15 min break 10:15am – Noon	Online & Onsite Course Orientation-8am Main Lecture: Low Energy State; Vitamins, Minerals & Trace Elements 9am-12pm Staff Introductions	Vitamins, Minerals & Trace Elements Amino Acids	Protein Structure & Function	Quaternary Proteins & Function	Anemias **Dr. Gonzalez Hernandez**
LUNCH					
1:00pm – 4:00pm	1-5pm NBME	Protein Structure & Function	Quaternary Proteins & Function	Quaternary Proteins & Function Immunology	Clotting Cycle Bleeding Disorders **Dr. Gonzalez Hernandez**

Week 2 – 10/26	Monday	Tuesday	Wednesday	Thursday	Friday
8:00am - 10:00am 15 min break 10:15am - Noon	GI Physiology & Pathology **Dr. Gonzalez-Hernandez**	Neurophysiology & Pathology & Seizures **Dr. Gonzalez-Hernandez**	Behavioral Science and Psychiatry **Dr. Gonzalez-Hernandez**	Neuromuscular Physiology & Pathology **Dr. Chacko**	Renal Physiology and Pathology **Dr. Chacko**
LUNCH					
1:00pm – 4:00pm	GI Physiology & Pathology **Dr. Gonzalez-Hernandez**	Neurophysiology & Pathology & Seizures **Dr. Gonzalez-Hernandez**	Biostats **Dr. Gonzalez Hernandez**	Neuromuscular Physiology & Pathology **Dr. Chacko**	Renal Physio and Pathology **Dr. Chacko** (4:30pm – Drills)

Week 3 – 11/02	Monday	Tuesday	Wednesday	Thursday	Friday
8:00am - 10:00am 15 min break 10:15am - Noon	Oncology **Dr. Chacko**	DNA/RNA Molecular Biology Catabolic Pathway	Anabolic Pathways	Cellular Physiology	Second Messenger Arrhythmias
LUNCH					
1:00pm - 4:00pm	Oncology **Dr. Chacko**	Catabolic Pathway	Anabolic Pathways	Membrane Physiology	Electrolyte Physiology & Pathology

Week 4 – 11/09	Monday	Tuesday	Wednesday	Thursday	Friday
8:00am - 10:00am 15 min break 10:15am - Noon	Electrolyte Physiology & EKG	Vascular Physiology & Pathology	Endocrine Physio &Pathology	Cardiac Physiology Heart Sounds/Murmurs Cardiac Pathology	Pulmonary Physiology & Pathology
LUNCH					
1:00pm – 4:00pm	Vascular Physiology	Endocrine Physio &Pathology	Cardiac Physiology Heart Sounds/Murmurs	Pulmonary Physiology	Reproductive Physiology/ Pathology (4:30pm – Drills)

PASS PROGRAM

Week 5 – 11/16	Monday	Tuesday	Wednesday	Thursday	Friday
8:00am - 10:00am	Onsite Student NBME & Planning Consultations ALL STUDENTS: Review OnDemand Video: Immunodeficiency	Leukocytosis Leukemia Lymphomas Myelodysplasia	Hypersensitivities Transplant Immunology Normal Flora	Atypicals & Fungi Parasites & Protozoa	Viruses
15 min break					
10:15am - Noon					
LUNCH					
1:00pm – 4:00pm	Reproductive Physiology/ Pathology	Granulocytes Lymphocytes	Gram Positives Gram Negatives	Mycobacteria Spirochetes Rickettsia	Closing Remarks

Teaching Associate
All topics highlighted in yellow will be taught by our assistant instructor Dr. Chacko or Dr. Gonzalez Hernandez.
